## MADE A MANO Srl

is an exclusively Italian company, conceived and created by ROSARIO PARRINELLO who has got commercial relations all over the world. The company was founded 45 years ago, evolving over time to become a solid reality in different sectors today. Made a Mano works with international and important brand names and design studios, making each project an artwork. The work of the company takes care of the manufacturing and decoration of ceramic tiles and/or Etna lava stone in fusion in 1000°. Everything using handcrafted and handmade techniques. The finished product is strictly customized and it is used for the design world to realize kitchens, bathrooms, pools, spas, shops, hotels and luxury houses and more.

Design Made a Mano by Rosario Parrinello & Elli Design by Alessio Elli

The collaboration between Made a Mano and Elli Design has led to the development of new products, which are representative of a common journey of the two companies through the traditions, the values and the excellences of Italy. This furniture is the perfect union of the sicilian spirit embroidered into Made a Mano glazed lava stone, metal and the wood manufactured in the historical design district in Brianza.
